COLLEGE OF
SURGEONS
OF EDINBURGH

Triennial / ICOSSET Conference. 30 May - 1 June 2022

Special Offer for Trainees – Complimentary Course

ICOSSET

2022

THE FACULTY
OF SURGICAL
TRAINERS

Special Offer for Trainees – Complimentary Course

Trainees who register to attend all three days of the Triennial Conference and ICOSET 2022 are invited to attend one of the below courses on a complimentary basis. Trainees who sign up for a course will also be sent an invitation to attend an informal dinner in the College on the evening of 29 May.

Non-Technical Skills for Surgeons (NOTSS)

Date: Sunday 29th May 2022

Location: RCSEd

Duration: Half day

CPD Points: 3

Overview

This is a one day course for Consultant surgeons and post CCT trainees from all surgical specialties. The course examines the non-technical skills which underpin good operative performance using short talks, video simulated scenarios, an audience response voting system and small group discussions.

Surgery and the Child

Date: Sunday 29th May 2022

Location: RCSEd

Duration: Full day

CPD Points: 6

Overview

Paediatric surgical care has become increasingly centralised to specialist centres over recent years. This can result in decreased paediatric exposure for surgical teams in non-specialist centres and the loss of confidence in carrying out appropriate secondary level surgical care close to home. All hospitals can face paediatric surgical emergency care and may take paediatric elective surgical referrals. In specialist centres, surgical teams may have paediatric commitments in emergency situations which they do not meet in day to day practice.

How to book...

To take advantage of this offer in 2 simple steps...

Step 1 - Book the 3 day conference option on-line by [CLICKING HERE](#).

Step 2 - Email education@rcsed.ac.uk with the subject 'Triennial ICOSET Course Offer' and state your name and course attendance preference.

Terms and conditions: Complimentary course offer is applicable to RCSEd Trainee, Affiliate, FST Associate and Allied Professionals attending all 3 days of Triennial Conference and ICOSET. Only 1 course may be selected and are subject to availability.
