

**NOTICE TO CANDIDATES ON CHANGES TO THE DELIVERY METHOD
FOR THE TRI-COLLEGIATE DENTAL SPECIALTY MEMBERSHIP EXAMINATIONS
FOR 2021**

Following a recent meeting of the Tri-Collegiate Specialty Membership Examination Executive we would like to advise all candidates for the upcoming diets of the specialty Membership Examinations in Oral Surgery, in Paediatric Dentistry and in Special Care Dentistry, that all diets will now be delivered ONLINE in 2021. There is no change to the examination structures detailed in the current Regulations and Guide to Candidates documentation available on the College websites for each of the specialties – this change applies only to the delivery method. This decision has been made to give stability to the candidates in difficult times due to the COVID-19 pandemic, in providing a guarantee that the examinations will take place on the dates advertised.

Queries should be directed to the examinations team on dental.exams@rcsed.ac.uk .

Further details on system requirements and the delivery of each of the components will be issued to all applicants in due course.

Kindest regards

Dr Ian P Corbett, Chair TSMEE
